AVI are proud to sponsor the Ventoux Cycling Challenge!

An intrepid group of 15 riders rode 400 miles in five days from Perpignan to Marseille and four riders then cycled up Mount Ventoux three times, an extraordinary feat. This challenge is to raise funds for three deserving charities, Alzheimers Society, Mind, Bowel and Cancer Research. The group have raised more than £24,000 for the chosen charities. Well done to the team for taking on this challenge for charity.
